

## Indole-3-Acetic Acid (IAA)

Cat# C3310

Store at Room temperature

### INTRODUCTION

**CAS:** 87-51-4

**M.W:** 175.19

**Formula:** C<sub>10</sub>H<sub>9</sub>NO<sub>2</sub>

**Melting Point :** 166~169°C

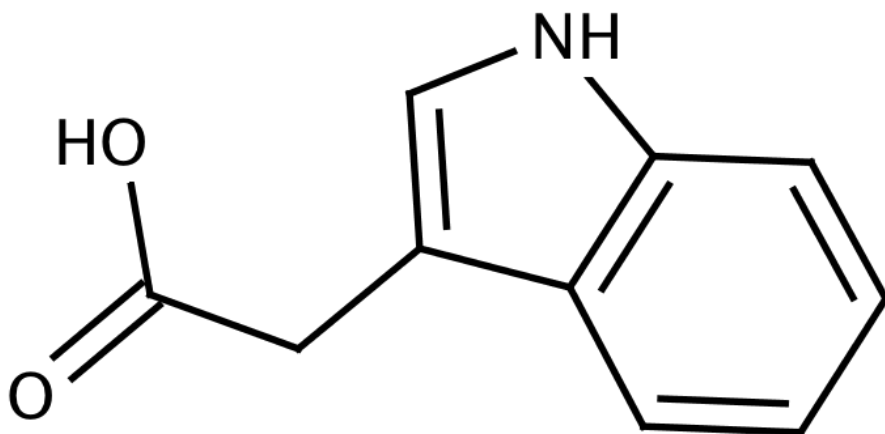

**Purity:** ≥99.0%

**Appearance:** White or almost white crystalline powder

**Solubility:** Easily soluble in acetone and ether, slightly soluble in chloroform, insoluble in water

**Synonym :** IAA ; IUPAC ; 3-Indolylacetic acid ; 1H-Indole-3-acetic acid ; Heteroauxin ; Indole-3-acetic acid

### CHEMICAL STRUCTURE

### PRODUCT USE LIMITATION

These products are intended for research use only.
